

CITY NEWS IN BRIEF

The Allison W. C. T. U., meeting has been postponed until Monday night of next week.

Mr. and Mrs. Charles F. Holden have returned from Philadelphia, where they spent the week end at the Bellevue Stratford.

Mr. Charles S. Luck, Jr. of Richmond, but more recently of Alexandria, spent the week end in Staunton, and Lexington, Va.

Miss Ruth Gordon has returned to her home in Richmond, after spending some time with her aunt, Mrs. Lunn, at the Theological Seminary.

Miss Hilda Schneider has returned from Lexington where she went last week for the hops at Virginia Military Institute.

The social and entertainment to have been given by Martha Washington Chapter, O. E. S., tomorrow evening, has been postponed until a later date.

The Gym classes will be held as usual today in the Westminster Building and Secretary Wallace states that he hopes this "little snow" will not keep any of the members away.

A meeting of the Woodrow Wilson Foundation will be held in the Chamber of Commerce rooms Thursday night, February 2.

Mr. and Mrs. S. J. Harrow, of North Braddock, announce the birth of a fine daughter at the Alexandria Hospital January 27.

Dr. John Lee Allison addressed a large group of men in the Westminster Building yesterday afternoon. This was the third of the series of Sunday afternoon undenominational services for men under the auspices of the Westminster Bible Class.

The card party and dance, which was to have been given Friday, February 3, by the Mary Custis Lee 17th Virginia Regiment Chapter U. D. C., has been postponed to Friday, February 10.

Sam Bradley, the old colored man who tried to make his escape from the Alexandria Hospital Friday night, is reported as being none the worse off for his escapade, although his flight was made bare footed and in light apparel. He was suffering from frost bitten feet and it is said that snow is one of the best remedies for this ailment.

The regular weekly meeting of Oriental Lodge, No. 6, Knights of Pythias, will be held tomorrow night in Pythian Temple, Cameron street.

Miss Lillie Plitt, of 121 Harvard street, while crossing the street Saturday, was knocked down by a bus and painfully hurt on the head and shoulder. Her injuries are not serious, however.

The Gazette has heard from numbers of people complimenting the buses for their invaluable aid and assistance the past few days. The bus employees were certainly heroes during the blizzard and helped many a struggling wayfarer in the deep snows to his destination, or at least a part of the way. Some of the travelers say that there was actual danger of loss of life in several instances, and that the bus chauffeurs spared no effort to pick up the pedestrians. Certainly, without the buses, travel between Alexandria and Washington would have been rendered impossible to thousands of those whose duties required their presence in the capital.

All who so generously sent articles to the Loan Exhibit at Christ Church Parish Hall and who were unable, because of the inclement weather to call for them, are notified that they have been moved by Alexandria Light Infantry to 606 Cameron street, where they will be delivered to the owners upon a full description and credential.

Many complaints are coming in to the Gazette concerning the laxity of the citizens in cleaning the snow off their sidewalks. This is a matter that should not be neglected, and requires but a few minutes on the part of each householder. Unless we are mistaken, the ordinances of the city cover this negligence fully, and it is a matter of police jurisdiction. Should the neglect continue we suggest that Chief Goods take the matter up and issue proper instructions to his force.

Many of those having had the misfortune of having their cars stuck in snow drifts in and near the city are busy this morning getting "fizz"—or whatever its name may be—in a shelter, awaiting the time when the roads will be open for travel again.

The Richmond tonight is showing Tom Mix in a tale of twisted lives. This picture is taken from the Novel by Max Brand, and is entitled, "Trails of the Innocent presents Texas Guinan in 'The Stammered'." The little hour, as its main attraction, has Edward Hutton in "The Fighter of Devil Dare."

Y. M. C. A. GYM CLASS

In response to many inquiries it is announced at the Y. M. C. A., that the regular gymnasium classes will be held at the Westminster Building this afternoon and evening. The Girl Scouts will have their class at 3:30 this afternoon, the business and professional men's class will meet at 5:15, while the boys' pioneers will meet at 7 o'clock this evening, followed by the ladies' class at 8.

Winchester—The congressional Committee on Privileges and Elections has set February 7 as the date for hearing final arguments on the contested election case of John Paul Republican, Harrisonburg, against Representative Thomas W. Harrison, Democrat, Winchester.

FOR GREATER ALEXANDRIA

Irvin Diener Expresses His Views as to its Attainment

Prophesies That Alexandria Will Become Distributing Point For Vast Areas

Irvin Diener, president of D. Bendheim's, in talking to the Gazette reporter, says that one of the most important things for the building up of a better city is the better development of the sense of civic pride. All other things, he says are hinged upon this pride. His statement in detail follows:

"Civic pride for your own city will give greater impetus to a bigger Alexandria than any other single factor. We have a splendid city with wonderful possibilities, but unfortunately, we are not taking advantage of them with the result that Alexandria is not keeping pace with other progressive municipalities. Just because some proposition does not individually benefit you is no good reason why you should oppose it or show lack of interest in it. If it helps the city get behind it and BOOST!

"The White Way on King Street is a fine idea. It will prove to be a great advertisement for the city and I heartily favor it.

"Looking to the future, I predict that Alexandria will be quite an industrial center and for that reason the city should secure a large portion of our water front. In addition to industries we shall have highways leading to all parts of Northern Virginia and the Valley with the result that this city will be the distributing point, and in anticipation of that day, we should not suffer the handicap of not having proper wharfage facilities.

"The ferry to the Maryland shore is one of the most important projects. Opening up a wonderful territory, it will bring thousands of dollars worth of business to Alexandria. I hope to see it in active operation in 1922.

"Our Volunteer Fire Department is the finest in the United States and we should provide every piece of modern equipment that is needed. An aerial ladder would prove a great addition and is an absolute necessity if we are to successfully combat fires in our taller buildings.

"Last but not least, Mr. Reporter, I should say that a good newspaper can prove our most valuable asset. The Gazette with its continued wholehearted support of all that's good for the city, fearless to express its honest convictions, will prove a powerful force in the cause of good Government and a valuable ally in the fight of progress over politics."

A. H. S. BASKETBALL

Only Two Games to be Staged This Week on Account of Examinations

Due to this being Examination Week at the High School, only two games of basketball are scheduled to be played by the High School team. The first of these games will be played on the Armory Hall floor tomorrow night against the five representing St. John's College of Washington. The St. John's team has been making quite a name for itself among the scholastic quints of the Capital this season, and the boys from this city are expecting a hard game. The second game will be played against the team of Hyattsville High School, of Hyattsville, Md., Friday night, after the examinations are ended. This is a return game, the local boys having defeated them on their home floor early in the season, and an easy victory is anticipated.

Ample Supply of Coal

Many Haul Coal on Backs—Deliveries Soon to be Resumed

Many people were today seen carrying bushels of coal on their backs, it being impossible for the local dealers to produce any results in the matter of deliveries. The several coal dealers today told a Gazette representative that they realized the great need for coal, and that they would do all in their power to effectuate deliveries. The supply of coal is sufficient to look after the city needs. The dealers have asked the Gazette to tell the Alexandria people that they will effectuate deliveries at the earliest moment possible.

BAZAAR PLANS SOON READY

Many Entries For Popularity Contest at Bazaar Which Opens Feb. 6.

Clip this coupon and come at once to headquarters, Chamber of Commerce, Fairfax St., open day and night. Contest Committee.

The Miss Alexandria Contest which is being held in conjunction with the American Legion and Veterans of Foreign Wars joint Bazaar and Get-together Celebration at the Armory next week, has gotten under way and everything indicates a big list of Alexandria's fairest will compete for the honors and prizes.

The girls are all entering, chiefly in the spirit of helping the two organizations of world's war heroes make a big success of their joint undertaking, which will eventuate in the raising of a Relief and Welfare Fund to take care of the needy ex-service men. In the past, it has been up to the individual members to assist with their own personal funds in these cases, and the fund will alleviate this condition.

However, a Diamond Ring, donated through the efforts of vice commander J. E. Clegg, of the Veterans of Foreign Wars, by Castleberg's of which Mr. Clegg is the local manager. These prizes to be given the successful girls who participate in the Miss Alexandria Contest, will be displayed in the windows of the Castleberg Store on King street. Likewise the Baby Loving Cup and other prizes to be given away in the Baby Show and Contest will also be shown.

The Ladies Auxiliary of the American Legion will be active in the booths which will line the sidewalks of the Armory, and offer all sorts of pretty things at nominal sums.

Dancing every night, is good news to those who enjoy communing with the Goddess Terpsichore, and will follow after the basketball games which are scheduled for each evening and bringing together several out of town crack basketball organizations in competition with Alexandria's best teams.

Vaudeville acts will also be presented throughout the evening. The Legionnaires and Veterans have each appointed vigilante committees to see that everything is conducted properly and that good order and good cheer prevails throughout the week. The publicity committee will finish up the job, hindered by the snowstorm, and distribute the balance of their signs today and tonight. A prize mask dance is scheduled for Thursday night of the big week.

Meetings Continue

Future Meetings to be announced From Night to Night—Third Week

The revival meetings at the Second Baptist Church were well attended yesterday, despite the prevailing weather conditions.

There will be a meeting tonight and future meetings will be announced from night to night.

The meetings have been a great success and many have united with the church.

Rev. E. M. Ramsey, last night brought a strong message on "Sin." The musical feature under the direction of James B. McCravy, still continues to be a strong attraction. Many of the choruses have been sung into the hearts of the juniors as to live there throughout life.

A cordial welcome is extended to the public.

Movie Manager Weds Here

Joseph P. Morgan, general manager of the Crandall Theaters in Washington and Miss Mary R. Bogert of Martinsburg, W. Va. were married in this city Saturday afternoon at the rectory of St. Mary's Catholic Church. The ceremony was performed by Rev. L. F. Kelly. They were accompanied here by Harry M. Crandall, owner of the Crandall Theaters and John J. Payette, assistant general manager. Mr. Morgan is one of the pioneer motion picture exhibitors of the District of Columbia.

AMERICAN JEWISH RELIEF COMMITTEE

Alexandria, Va.
January 30, 1922.

Editor Gazette,

Dear Sir:

The world's work now is to repair the ravages of war and all must lend a hand. The devastated places must be reclaimed that they may be recaptured. The sick and suffering must be cared for, disease and famine combated and little children be given a chance to grow up into able bodied men and women.

America has not wholly escaped the scourge of war but our lot is like that of a wealthy man whose poor neighbor has been stricken; his house burned down, his wife and children sick and suffering from hunger, with no clothes save a few scanty and inadequate garments, and he himself maimed, miserable and helpless.

What would be said of the wealthy neighbor who would ignore that which had befallen the poor family who would pull down the blinds of his mansion, settle himself comfortably in an easy chair and say to himself: "It is no concern of mine."

"If no heed is paid to the war-stricken regions we will be like that wealthy neighbor."

Moreover, all men are brothers, especially in distress, nor does anyone stop to ask when giving aid if the sufferer be Jew or Gentile, Christian or unbeliever. A life is a life; a maimed man is none the less maimed, a dying woman or a starving child is none the less, even if in far off Russia, or Poland or Serbia.

Nor should it be left for one to do this work of reclamation and rehabilitation. It is too much for one. All must aid.

Besides, the work must be done orderly, along organized lines, for the greatest good to the greatest number—co-operating with work done by Herbert Hoover and the Red Cross, and systematically, that all suffers may be reached.

The Jewish American Relief work is done in co-operation with the work of Hoover and the Red Cross. The \$1,000,000 to be raised in America will be devoted to aiding all people in the regions scourged by war, Jew and Gentile alike. There will be no question of race or religion. There can be no question, under such circumstances.

The \$14,000,000 will be used not only to help heal the sick, feed the famished, but to help fathers and mothers restore their old homes, till their fields and raise crops. They are sick, helpless, starving, dying.

We all must come to their aid, everyone must help.

Join in this great work. LEND A HAND.

Please send all contributions to J. T. Preston, Treasurer, care Chamber of Commerce, Alexandria, Virginia.

Yours very truly,

L. RUFEN,

Chairman.

ARLINGTON COUNTY ACTIVITY

Another link in the long chain of Atlantic and Pacific Tea Company stores was added this week by the opening of a new branch at Lyon Park, Va. The store is immediately at the Lyon Park station in a new business building acquired from Lyon and Fitch by the Misses Frances Leonard and Gertrude Horger of Washington, D. C., and by them leased to the Atlantic and Pacific. Two small living apartments have been finished over the store and these will be leased to permanent tenants.

The business of the Atlantic and Pacific which was first established in 1854 with one store, has so expanded that the corporation is now known as the largest grocery house in

the United States and is today operating more than 5,000 branches located principally in the East and extending as far South as Tampa, Fla. A business estimated at \$250,000,000 is done annually and is still rapidly growing. In the District of Columbia and the territory immediately adjacent, the corporation has 80 branches. The location at Lyon Park is admirable, being at the junction of two principal streets and at the trolley stop.

In the early days of the Atlantic and Pacific, the stock carried consisted principally of coffees, teas, sugars and a few specialties. About ten years ago, the corporation began stocking a general line of groceries. Shortly after this the first "cash and carry" policy was inaugurated in stores around Jersey City and New York. They were known as Economy Stores and proved an instant success. They were rapidly increased, being established in the residential suburban sections of large cities. The expense of operation was rigidly supervised. With the costs of a large amount of bookkeeping eliminated, with the expensive system of deliveries abandoned and other economies effected, it was possible for the A. and P. to reduce prices materially under those at which they had sold previously.

COMMUNICATION

Editor Gazette:

It is with the greatest satisfaction that many of our citizens hear of the possibility of an appointment in Alexandria of a juvenile court judge.

The need for such an officer has long been felt by those who are interested in the welfare of the children and young people of our town, and the fact that at present we have not even a probation officer makes the necessity the greater.

Of course such an appointment would mean some slight expense to the city, but at a time when we are preparing to spend \$12,000 to illuminate an already well lighted street we surely cannot with consistency plead economy or hard times as excuses for neglecting our children.

E. S.

IN MEMORIAM

RATCLIFFE—In sad but loving remembrance of our little daughter, ALICE VIRGINIA RATCLIFFE who left us three years ago, January 29.

Today recalls a memory
Of a loved one laid to rest,
And those who will remember her,
Are those who loved her best.
The Lord who gives has called away
To his will we must bow.

She is free from pain and suffering,
Not a pain can reach her now,
Oh how we loved you baby dear,
No hearth on earth can tell,
But God loved you better still,
And called you home to dwell.

25-1p. Mother and Daddy.

IN MEMORIAM

EVANS—In sad but loving remembrance of my dear mother, ROBERTA EVANS, who departed this life 3 years ago today, January 30, 1922.

Although I cannot clasp your hand,
Your face I cannot see,
But let this little token show
I still remember thee.
Long days and nights she bore in pain,
To wait for cure, but all in vain,
For God knew what was best,
And took my dear mother home to give her rest.

By her devoted son,
Leonard Evans.
25-1p.

The Needy Student reading late at night,
Bored through the Wall to steal his neighbor's Light.

An Army Marches On Its Stomach, Said Napoleon

The Great Corsican Knew That Success in Life Depends Upon Your Strength, Energy and Endurance.

By Harrison Vaughn

When Napoleon led his victorious armies through Europe, his worst enemies were not the nations defending themselves against his smashing onslaught; but he was confronted by the graver question of how to provide nourishing and strengthening food for his soldiers.

The Great Corsican realized long over a century ago, as has every commanding general since, that men's bodies must be perfectly nourished if they are to retain their natural strength, energy and vigor; in fact, that the very health of the human being is regulated almost entirely by the stomach. Under-feeding, insufficient nourishment, means loss of flesh, anemia, lack of red blood and subsequent weakness of the entire system.

What such people need to enable nature to bring back their strength and vigor, restore their lost weight, and put them in fighting trim, with rich red blood coursing through their veins is Tanlac, the powerful reconstructive tonic and body builder.

A man or woman suffering from stomach, bad breath, biliousness, indigestion or gas on stomach, is unfitted either for physical or mental labor. Sufferers from these ailments find life a burden; they look on the world through blue glasses, the joy and rewards of the vigorous, happy, normally healthy person is not theirs. Their troubles embitter them against the world, destroy their ambitions, make their lives dull and unhappy.

How foolish to continue in this con-

dition when on every hand throughout the length and breadth of the land, people by the thousands are daily testifying to the remarkable powers of Tanlac in conquering stomach troubles. This powerful reconstructive medicine builds up the weak and the despondent; gives them a new hope and happiness and a new lease on life.

Tanlac's name has been praised by hundreds of thousands. Testimonials from every corner of the United States and Canada have shown conclusively that even in cases where patients had almost given up all hope and where men and women had believed themselves doomed to a life of misery and suffering, Tanlac has overcome their troubles and brought back health, energy and happiness into their lives.

If you are not "fit as a fiddle" in the morning and don't feel better than when you went to bed; if your breath is offensive and you have that bad taste in your mouth, your body is not being nourished properly. What you need is Tanlac to restore you to normal so Nature can bring back the flesh you've lost, put the bloom of health in your cheeks, the spring of energy in your step and the sparkle of happiness and contentment in your eye.

Note—Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac treatment. You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction.

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and leading druggists everywhere.

EXAMINATION WEEK

West End School Closed Today—Many Students Taking Week Off

Schools of the city, with the exception of West End School, opened as usual this morning. West End was closed on account of the snow, and the youthfulness of its pupils.

At the High School the mid-term examinations started this morning. These examinations will continue throughout the week. The schedule is as follows: Monday English, Tuesday, foreign languages; Wednesday, mathematics; Thursday, history; and Friday, science. All pupils making an average grade of 90 per cent or more are exempted from taking these examinations and consequently are taking a holiday this week. The second term will begin next Monday morning.

Examinations at Washington and Lee Schools, having been in progress from the past week, will finish tomorrow morning the second term starting Wednesday.

VIRGINIA NEWS PARAGRAPHED

Pulaski—Mrs. Harry Semones, of Roanoke, president of the State Parent-Teacher Association, addressing the Pulaski Association Thursday night, stated Pulaski could secure the next state convention, which meets in March. She added an effort was being made to have William Jennings Bryan address the association. Action will be taken at the next meeting as to extending an invitation to the organization.

Roanoke—The Norfolk and Western Railway reduced its shop forces here this week 600. Most of the men laid off were employed in the locomotive department of the East End shops. Practically all these men will be taken back to work on February 1, according to information obtained from officials. Reduction in transportation on the road is said to be the cause of the big reduction in the working force.

Richmond—The inclemency of the weather is not expected to interrupt the fourth midwinter meeting of the Virginia Press Association, which is scheduled to begin at 2 o'clock in the mezzanine parlor of Murphy's Hotel, and extend through Tuesday, the meeting coming to an end at 6 o'clock Tuesday night, when the editors and their wives will attend the weekly dinner and meeting of the Richmond Advertising Club, as the special guests of The Richmond Times-Dispatch and The Evening Dispatch.
